

4.5 lbs concentrate=36 lbs plant+1 day

We're excited to tell you about . . .

[View this email in your browser](#)

FOR IMMEDIATE RELEASE 5/26/17, Eugene Oregon - The PSICO2 family of extraction systems is growing. We are excited to announce the PSICO2 Renegade

With the PSICO2 Renegade's high capacity dual chamber design processing 36 pounds of cannabis a day you'll pull as much as 4.5 pounds of extract. Even better, with our patented in-line fraction system it is ready to use right out of the collection chamber - no winterization needed. Or, put it in a vacuum oven for a few hours to make shatter.

To save your place in our building schedule, pre-order yours now.

- PSICO2 Renegade - \$85,995.00 (Limited offer)
- Operation cycle: 16 hours, 8 extractions.
- Extraction rate: 1362 grams per cycle(75-90% Cannabinoids)
- Pressure: 3000 psi

###

About Paradigm Supercritical Innovations

Founded 2015 in Matthias' garage in Eugene Oregon, PSI recently moved into a 3000 square foot manufacturing facility with showroom and offices. PSICO2 Extraction Systems are now in operation on the west coast and Canada.
