

# SIDEKICK

## CO2 Shatter in a day

without the use of ethanol!

**PSICO2** extractors are faster than any other system on the market. Featuring non-stop processing, their design makes reloading simple and easy with no interruption to processing.

The collection chamber utilizes an in-line fraction system. It's unique design produces extractions that rival butane systems in concentration and quality.

**PSICO2** Sidekick grows with you; processing up to 180 pounds a month on one system.

- Process up to 6 pounds a day\*
- Pure concentrations of THC, Terpenes and CBDs
- High Terpene content
- 10-15% yield

\* with three 8 hr. shifts.

### *Benchtop Extractor*

- 1 Liter chamber holding 230 grams of material
- 20 amps at 220 V
- UL listed components
- ASME manufacturing standards

### *Collection Chamber*

Patented inline fractional separation of waxes and impurities

### *Pneumatic Driven Liquid CO2 Pump*

- Flow rate 2.5 liters per minute
- Max Pressure: 3000 psi

**Sidekick.....\$25,995**

*Cannatech Award  
Recipient 2017*
